

Fundraising

Dear Parents / Guardian

We are pleased to introduce ourselves as fundraising firm and are now working with your local school and or community centre to raise funds.

There is no catch to it, it is simple. Just feel up a normal bin liner bag with your unwanted clothing which are in good quality, clean and wearable conditioned.

We accept of sorts of clothing such as ladies, men's, children's, household items like bed sheet, bedcover, pillow covers, towels, handbags and paired shoes.

We shall be collecting your unwanted clothing from your local school and or community centre at the agreed date, day and time and we shall be paying cash for your unwanted clothing for it.

So, remember, the more your school and or community centre collect, the more cash your school or community centre receive.

All clothes collected will be sorted and recycled into several categories. Good Quality cotton clothing goes to Africa, Heavies goes to cold and poor countries, some one the goods quality clothing goes to Eastern Europe and Russia and balance clothing goes to recycling purpose.

Thank you for your help.
